

Hotel Giraffe is proud to be recognized as the #7 Hotel in the United States in the [2018 TripAdvisor Travelers' Choice Awards](#). We are also honored to be awarded as one of NYC's most family friendly hotels by the [Family Vacation Critic](#) for 2017

Families enjoy our spacious Suites that feature a King Size Bed in the bedroom, giving parents a bit of privacy, and a Full Size Sleeper Sofa in the living room for the children. The suites at Hotel Giraffe are priced at what many hotels in NYC charge for a standard room. The hotel also offers Balcony Guestrooms with 2 Full Beds, both options are perfect for a family of 4, or if combined into a 2 Bedroom Suite for a family of up to 7 people.

- Our Milk & Cookies amenity is one of our most popular, and a great addition for families with children of any age. Another family favorite is our "No Celebration is Complete... Without Something Sweet!" package. It is designed for children who are celebrating a special occasion, and includes 2 gourmet cupcakes and 2 balloons.
- Complimentary cribs are available upon request, saving parents the hassle of travelling with their portable cribs.
- Our knowledgeable concierge are ready to help families plan a day of fun in NYC, whether that includes a day for everyone, or just the parents, as our concierge can also arrange baby-sitting services.
- While some boutique hotels are aggressively trendy in a way that would make multigenerational family visits uncomfortable, the style on the hotel is softly contemporary, appealing to young parents yet also making children and grandparents feel comfortable and at home.
- The 24 hour refreshments offer incredible savings for a family of 4, including a deluxe continental style breakfast featuring many child-friendly choices, such as various cereals, yogurts, oatmeal, toast and bagels with peanut butter and jellies, and juices. Our evening reception includes a variety of crackers, cheese, vegetables with dip, and complimentary snacks that are available throughout the entire day, including cookies, fruit, hot chocolate, and pastries.
- Our Rooftop Garden gives children a welcoming space to stretch their legs, and they love our big giraffe statue that sits in the garden.
- With our location in the NoMad neighborhood, we are central to many family fun destinations, including the Museum of Math, Kips Bay Movie Theater, the playground at Madison Square Park, and SPiN ping pong.
- NoMad features multiple family friendly restaurants, including Shake Shack, Hillstone, Big Daddy's Diner, Schnipper's, Hill Country, 2nd Avenue Deli, and Blue Smoke. In addition, our very own in-house restaurant, Bread & Tulips, offers many wonderful options for both children and adults... and every guest of the hotel receives 20% off their dining bill when eating at Bread & Tulips!

[Library Hotel Collection](#) is owned and operated by hotelier Henry Kallan and is comprised of seven luxury hotels throughout North America & Europe. Each of the hotels has their very own distinctive personality and charm, but what they share is a commitment to providing timeless beauty, exceptional value, and an outstanding travel experience for every guest. In New York Henry Kallan has created the book lovers paradise, [Library Hotel](#), the French country style inn [Hotel Elysée](#), home of the renowned Monkey Bar, the jewel-like Moroccan motif [Casablanca Hotel](#), and the chic retro glamorous [Hotel Giraffe](#). In Europe, [Aria Hotel Budapest](#) and [Aria Hotel Prague](#) are both designed and inspired by music. The newest addition to Library Hotel Collection is Hotel X Toronto, which is Toronto's first lakefront urban resort.
